

There are currently two Knitting Groups on the go, so there is now no excuse for being a non-knitter! Contact us for further details.

Afternoon group - KNITWIs

The afternoon group "KnitWIs" meets twice each month - 1st and 3rd Wednesdays from 2 - 4pm at members' homes.

This is two hours twice a month of calm and relaxation!

The group is suitable for all levels - those that are experienced knitters are happy to help the novices among you! They are currently looking for a local charitable concern to support with their knitting and are meanwhile working on their own projects. The group currently has five members of mixed abilities including a complete novice and this is the maximum they can host at home due to constraints on space in members' lounges and parking.

If you are interested in this knitting group, please contact **Sue Kemp** using the [Contact Us](#) form.

Please note sub-groups are for Camberley WI members only.

Morning Group - KNITWITS
